Rep. Allen statement on Executive Order #54

Rep. Scott Allen released the following statement regarding Gov. Evers' special session call:

"Laws are already on the books which remove guns from dangerous individuals and punish criminals who obtain them. The Attorney General and District Attorneys need to enforce the law and judges need to render sentences to protect the public. We need to have zero tolerance for violent crime.

Laws cannot and will not change the evil in a person's heart or stop those who are intent on committing evil acts.

The bill drafts, as proposed, are nothing more than political backdrops and pre-election posturing."
